

What Others Are Saying

Over its long history, Pioneer Clubs has been a tremendous tool for bringing countless children to Christ and for planting the Word of God deeply in their hearts. The Pioneer Clubs emphasis on memorizing Scripture and studying the Bible through methods that children can understand is a strong asset.

Dr. Craig Williford
President, Denver Seminary, Denver, CO

Pioneer Clubs is excellent for discipleship because it treats kids the way Jesus modeled life and faith: Kids are special, worth the time we spend with them, inherently valued (they are not miniature adults) and holistic in their needs and potentials.

Dr. Ron Habermas
John Brown University, Siloam Springs, AR

Pioneer Clubs performs a vital and creative service to the Kingdom. By partnering with local congregations in evangelizing and discipling kids, they are helping the church work effectively at what must be one of our highest priorities: bringing boys and girls into a lifelong relationship with the Savior.

Dr. Richard Mouw
President, Fuller Theological Seminary, Pasadena, CA

Pioneer Clubs offers opportunities for boys and girls to have wholesome relationships and well-grounded development in Christian values. Pioneer Clubs meets boys and girls at a critical age—when they need good friends, a wholesome community and adult friends.

Dr. Linda Cannell
Professor of Educational Ministries, Gordon-Conwell Theological Seminary
South Hamilton, MA

In our confusing world, Pioneer Clubs provides a stability for young minds and bodies at a time when they are making some of their most determinative life-course decisions. “When I was a kid...” forms the basis of most adult decision-making, for good or evil. Pioneer Clubs offers a big plus for churches and parents to steer young minds in the right direction. Imagine! A weekly injection of joy juice into restless youngsters—that’s Pioneer Clubs! A spiritual health habit that pays off for years for any family or church!

Jeanne Hendricks
Author and Conference Speaker, Dallas, TX
